

The following figure shows an example of a BaseUnit BU30-MS5 (with the maximum number of terminals):

- ① Push-in terminal
- ② Spring release

Figure 8-8 Terminals on a BaseUnit BU30-MS5

**⚠ DANGER**

**Hazardous Voltage  
Can Cause Death, Serious Injury, or Property Damage.**

Hazardous electrical voltage can cause electric shock, burns and property damage.  
Turn off and lock out all power supplying this device before working on this device.

For wiring finely-stranded or stranded conductors without end sleeves on push-in connections, a screwdriver is required.
